

HOW TO USE THE BALL WINDER

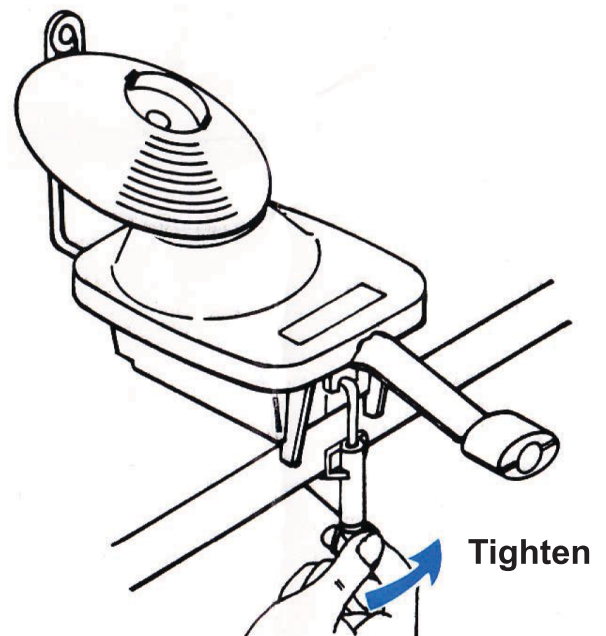

1. SETTING UP YARN GUIDE

- Move the yarn guide in clockwise direction until it stop

2. SETTING WINDER ON TABLE

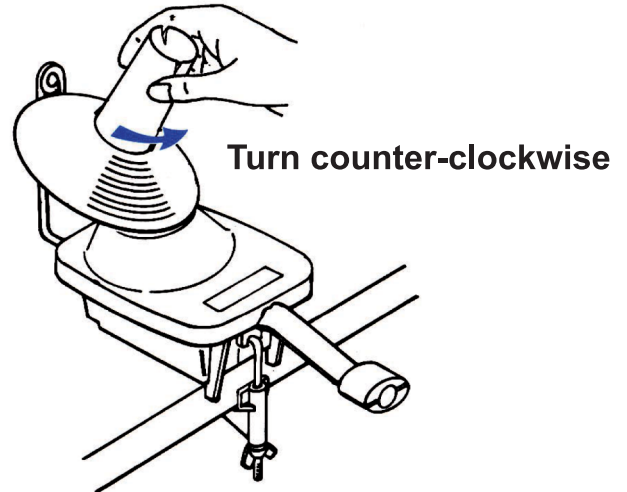

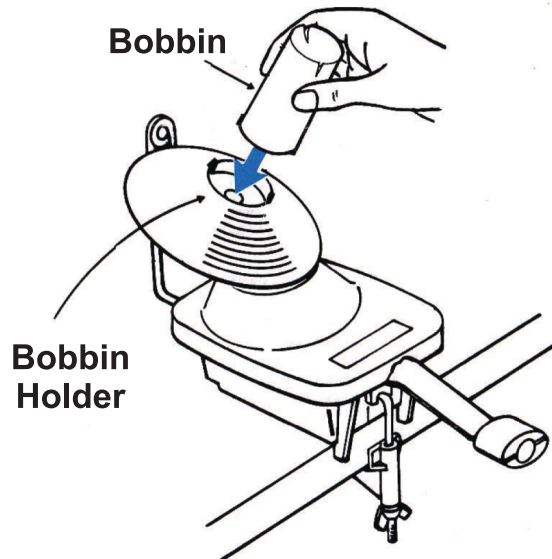

- Set winder on table as shown in picture, under laying plastic clamp with rubber at the edge of table
- Fasten the winder with the clamp using the wing nut

HOW TO USE THE BALL WINDER

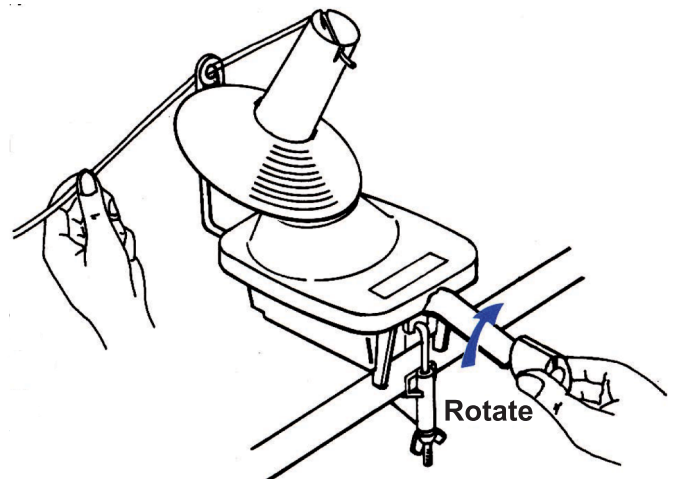

3. SETTING BOBBIN INTO BOBBIN HOLDER

- Insert the bobbin into bobbin holder in right position (slots are provided to fit the bobbin) as far to fix as it goes
- Move the bobbin in counter clockwise direction to fit into the bobbin holder

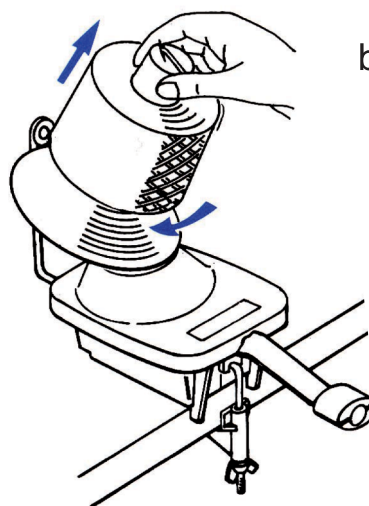

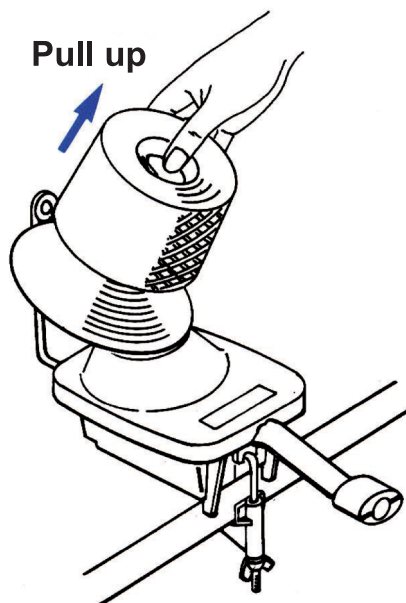

4. WINDING YARNS

- Thread yarn through yarn guide and put the end of yarns into the ditch at the top of bobbin
- Holding the yarn with left hand to give a slight tension to yarn; move the handle in clockwise direction

5. HOW TO USE WOUND BALLS

- Take the yarn ball out of bobbin.

- Yarn ball can be used either from the core of the ball or from the outer most side of the ball.
